if Self Check

Question

0/1 point (graded)

```
01 static void Main(string[] args)
02 {
03     bool result = true;
04     if(result)
05         Console.WriteLine("Result is true");
06     Console.WriteLine("Will this print as part of the if statement?");
07     Console.WriteLine("Does this print at all?");
08 }
```

Line 06 will execute in the context of the if statement on line 04. Yes or No?

☐ Yes

☒ No
